SHOWCASE

Bar Blanco - Rayleigh, Essex, United Kingdom

One of Essex's premier wine bars, Bar Blanco features a unique atmosphere designed with impeccable attention to detail. To add upscale flair and intrigue to its private booths, lighting designer Lightcube selected Traxon's 64PXL Mirror Wash RGB to create a visually interesting backdrop for all of the club's offerings from light lunches to nightlife. The mirrored LED installation is capable of displaying 16 different dynamic graphic effects. Changing colors, speed, and brightness, Traxon's 64PXL Mirror Wash RGB dramatically alters the bar's mood for any scenario. The wall is controlled by e:cue Butlers and is connected to an iPad* application with which the staff can select the pre-programmed shows and lighting schemes.

*iPad is a trademark of Apple Inc., registered in the U.S. and other countries.
